## EO Pittsburgh

Our mission is to empower entrepreneurs to share meaningful experiences and learn from one another, ultimately leading to greater business success and enriched personal lives. We take pride in our accomplished members who have made significant contributions to the business landscape in the Pittsburgh Region. Some of our notable members have been recognized in the Business Journal's Book of Lists and received prestigious business awards such as inclusion in the Inc 5000.

Established in 1993, the EO Pittsburgh chapter has grown to include 60 dedicated members. With an impressive average sales revenue of \$1.8 million, these members employ a total of 1,090 employees. Our chapter is committed to fostering a thriving entrepreneurial community in the Pittsburgh Region.

Together, our diverse and accomplished membership fosters a dynamic environment for networking, mentorship, and collaboration. We are committed to helping Pittsburgh's entrepreneurs thrive and make a lasting impact on our business community.

*We sponsor a lot of different organizations, and none are as impactful as EO. We love being a part of this vibrant and growing group of professionals. We love the entrepreneurial spirit and have gained so much from our connection to EO.*

*EO Pittsburgh has provided me with countless new experiences, many of which I would not have otherwise. The entire chapter is incredible, from their leadership to new members, all have made me feel welcome and have always treated me as an equal. For someone that had very little experience in networking and business, they all have taken the time to show me the way. Their casual nature hides the fire that is being an entrepreneur, and I am excited to call each of them a friend.*

*The network of entrepreneurs and the wealth of knowledge within the EO community is unparalleled. The relationships I've built, and the support I've received have opened new doors for my business. I'm grateful to be a part of this extraordinary community!*

**Taylor Abbett**

*President of Tailored Marketing, Inc.*

*I have been a member and sponsor of many organizations over the years, and the sponsorship programs always left me uncomfortable. Members felt like they were being sold to, and sponsors felt like they had to be pushy to get attention. EO is different. There is a feeling of comradery and community, with the members open to learning from experts in their fields. If your style is to showcase your expertise and invest in building relationships, then EO is the place for you.*
